Community Voices on the Mortgage Foreclosure Crisis
Fighting for a 2017 Foreclosure Moratorium in New Jersey

**Are you having trouble paying your mortgage?
You aren't the only one.**

New Jersey leads the nation in foreclosure rates and Essex county leads the state. We all feel the pain of foreclosures and evictions - they tear at the fabric of our community. Come share your story with others, find out what you can do to get on track, and support an immediate 2017 Foreclosure Moratorium in New Jersey. Let's stop the bleeding in our communities and keep our families in their homes.
